

DEMOCRATS CUT SHORT DEBATE ON PRESIDENT'S PEACE POLICY

General Subject Brought Up by Cummins' Resolution Is Tabled by Vote of 38 to 30, All Republicans Negative.

HITCHCOCK DECLARES PURPOSE MISUNDERSTOOD

Force Is Not to Be Employed for Prevention of War, but Nations Are to Be Appealed to Through Moral Suasion

(BY MORNING JOURNAL SPECIAL LEADERS WIRE) Washington, Jan. 30.—Debate on President Wilson's world peace address continued today before the senate for several hours today before it was halted by concerted action of administration leaders. Then Senator Cummins' motion to take up his resolution to set aside time for a general discussion of the subject was tabled by a vote of 38 to 30.

Senators Hitchcock and Williams, of the foreign relations committee, engineered the movement to kill the Cummins resolution, Senator Martineau, of New Jersey, being the only democrat refusing to support them in their contention that the clogged condition of the legislative calendar made the action necessary. Republicans voted solidly against the motion to table. The action of the majority, while definitely disposing of plans for a prolonged discussion, will not serve to check intermittent debate, Senators Lodge, Borah, and other republicans having served notice that they would address the senate on the subject in the near future.

Cummins Speaks at Length. Senator Cummins spoke at length today, declaring that to carry out President Wilson's suggestions would necessitate the creation of a world power that would destroy the sovereignty of nations and lead the United States inevitably into constant world war or constant rebellion against the authority of the new world sovereignty his peace league plan would create.

Replying, Senator Hitchcock insisted that the Iowa senator's criticisms were based upon an erroneous assertion that the president proposed a new military world power to enforce peace. The president, Senator Hitchcock declared, advocated diminution of armaments, the rule of reason and the right of all nations to work out their own polity, "unhindered, unthreatened and unafraid."

Praising the president's purpose in seeking to bring an end to the war and eulogizing much of his address, Senator Cummins confined his criticism to his own interpretation of conditions which Mr. Wilson would impose on America's joining a league to enforce peace.

General Overlordship. "There is but one conclusion that can be drawn from the president's utterances," he declared. "It is that over all the nations of the earth there shall be a common and supreme power, which will not only undertake to decide all the controversies which may lead to international disturbance, but which, having entered judgment upon them, will compel obedience. There is but one way in which obedience can always be compelled. The protesting or rebellious nation must be overcome by force of arms."

"That I am right in the interpretation which I have put upon the message, is further proved by the analogy which he finds between the Monroe doctrine and his doctrine of the world. I will not pause to point out that in-

A CHILD DOESN'T LAUGH AND PLAY IF CONSTIPATED

If peevish, feverish and sick, give "California Syrup of Figs."

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; then a sure sign its little stomach, liver and bowels need a cleansing at once. When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given. Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle. Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company."

Mr. Whipple of "Leak" Inquiry Smiles at Stock Exchange Magnates' Confusion

SAMUEL F. STREIT, SHERMAN L. WHIPPLE, HENRY G. S. NOBLE

On the first day of the house of representative rules committee "leak" inquiry in New York city Sherman L. Whipple of Boston, counsel for the committee, put on the grill Samuel F. Streit, chairman of the stock exchange clearing house, and Henry G. S. Noble, president of the New York stock exchange. He told them he wanted records of all deals on the exchange between December 10 and December 23, 1916, during which period "leak" speculation is believed to have taken place. Shocked at the demand these officials called a meeting of the board of governors at once, but Mr. Whipple made an early gain of five points, only to fall 14, and closed at a net loss of 8 points. Total sales amounted to 555,000 shares.

Bonds were irregular, some representative issues losing ground, with further free offerings of St. Louis & San Francisco adjusted 6%. Total sales, par value, \$4,490,000. United States bonds were unchanged on call.

Chicago Board of Trade. Chicago, Jan. 30.—Fears that a predicted cold wave might harm unprotected portions of the winter crop tended to give strength to the wheat market today. Prices closed strong, 3 1/2 to 4 1/2 net higher, with May at \$1.75 1/2 to \$1.75 3/4, and July at \$1.49 1/2 to \$1.49 3/4. Corn scored a gain of 1 1/2 to 1 3/4 c, and oats 1/2 to 1 c. Provisions finished unchanged to 1 1/2 c higher.

Wheat at first showed much greater advances in the new crop futures than in the May option but in the end the nearer month had the lead. Throughout the day, advances had been stimulated by denials that Great Britain was preparing to arm merchantmen forward as well as stern.

Announcement that flour sales at Minneapolis had been the largest in weeks helped to inspire buying of wheat.

Indications of export buying lifted corn. There was said also to be a good demand from domestic industrial sources. Oats followed other cereals up. Seaboard inquiry was hampered by railway congestion.

Forecasts of a blizzard which might restrict the marketing of livestock put firmness into provisions.

Closing prices: Wheat—May, \$1.75 1/2; July, \$1.49 1/2. Corn—May, \$1.00 1/2; July, 99 3/4 c. Oats—May, 56 1/2 c; July, 54 1/2 c. Pork—May, \$30.00; July, \$29.67. Lard—May, \$16.62; July, \$16.77. Ribs—May, \$15.72; July, \$15.82.

STOCK EXCHANGE PRICES LOWERED BY NEW HAVEN

United States Steel Advances Slightly and Its Shares Represent About One-Fourth of Day's Business

(BY MORNING JOURNAL SPECIAL LEADERS WIRE) New York, Jan. 30.—An early break in New Haven, forcing that stock down four points to 39 1/2, its lowest record, was the most disconcerting feature of the day's hesitating market.

At midday prices again evinced an easier tendency, with United States Steel as the center of attraction. Steel, on a turnover of 140,000 shares, or about 25 per cent of the day's total operations, fluctuated between 113 1/2 and 111 1/2, with a net gain of 1/4 of a point, at 113. The extra dividend of 1 1/2 per cent, making a total of 8 1/2 per cent in regular and extra dividends for the past year, was somewhat under expectations. Earnings for the quarter were almost \$106,000,000. Low priced rails were active mainly at higher levels, particularly Southern Railway, which gained two points.

There were the usual mixed movements in specialties. Bethlehem Steel made an early gain of five points, only to fall 14, and closed at a net loss of 8 points. Total sales amounted to 555,000 shares.

Bonds were irregular, some representative issues losing ground, with further free offerings of St. Louis & San Francisco adjusted 6%. Total sales, par value, \$4,490,000. United States bonds were unchanged on call.

EIGHTY-SEVEN YEARS OLD.

Backache, sore muscles, stiff joints, dark puffs under eyes and bladder disorders are symptoms of diseased kidneys. H. H. Adams, Springfield, Mo., writes: "I had a very severe attack of kidney trouble. I am getting old, eighty-seven. I tried different treatments, but none did me so much good as Foley Kidney Pills. I consider it the best." Foley Kidney Pills are tonic in action, and quick to give good results. Royal Drug Company.

Swollen Ankles and Feet Are Indications of Kidney Trouble

Swollen ankles and feet are forerunners of a dropsical condition due to disordered kidneys. Naturally when the kidneys are deranged the blood is filled with poisonous waste matter, which settles in the feet, ankles and wrists; or under the eyes in bag-like formations. It is just as necessary to keep the kidneys acting properly as to keep the bowels active, says an eminent physician. When one is sick the first thing to be done is to thoroughly test the kidney secretions. The very best possible way to take care of yourself is to take a little "Anuric" with the meals. In this way it is readily dissolved with the food, picked up by the blood and finally reaches the kidneys, where it has a tonic effect in rebuilding these organs.

"Anuric" was recently discovered by Dr. Pierce, of Buffalo, N. Y.; it has been thoroughly tested in his laboratory as well as in his Invalids' Hotel. Everyone can quickly associate Dr. Pierce with his great herbal restorative tonic, known as an invigorator for womanly ills. A different person daily offers his or her words of praise of "Anuric." Now Mrs. John Reardon, speaks:

"For over ten years I have been bothered with a menacing kidney trouble. My back ached constantly. Had rheumatic pains through the limbs and knees. My hands and feet both puffed up in sort of a dropsical way. In spite of many remedies I used I obtained no results. Just lately I read of 'Anuric' in our daily papers so used the remedy. The results have been beneficial."

Simply step into the drug store and ask for a 50c package of "Anuric," or send 10c to Dr. Pierce for trial package.
